What I'm trying to do is validate that the first letter of the text is between the number 1-9 and that the total text length is between 3 and 20. This is what I've tried: validates :first_letter, :format => { :with => /^[1-9][1-9]*$/ }, :on => :update validates :chars, :length => { :minimum => 3..20 } Both of them are working, but both of them causes this error. Can't mass-assign protected attributes: first_letter, chars Then I've tried to use the following scope in the model like this: validates :first_letter, :chars, :on => :update It is validating,
